LOGISTICS SOLUTIONS

Who We Are

KPS is a technology-driven logistics service provider in India that enables businesses to make their supply chain more efficient through integrated services such as Customs Brokerage, Trucking, Warehousing, and Freight. We use cutting-edge technology to make the logistics process more streamlined and efficient for businesses.

We have been a leading provider of Logistics Solutions for over 35+ years and are proud to say that we have been helping Indian businesses grow exponentially and compete on a global scale. We provide a world-class supply chain solution and constantly strive to help our client's requirements with modern technology.

Vision And Mission

We aim to provide the highest quality service with an efficient transport network to all clients.

VISION

To become a leading logistics company globally.

MISSION

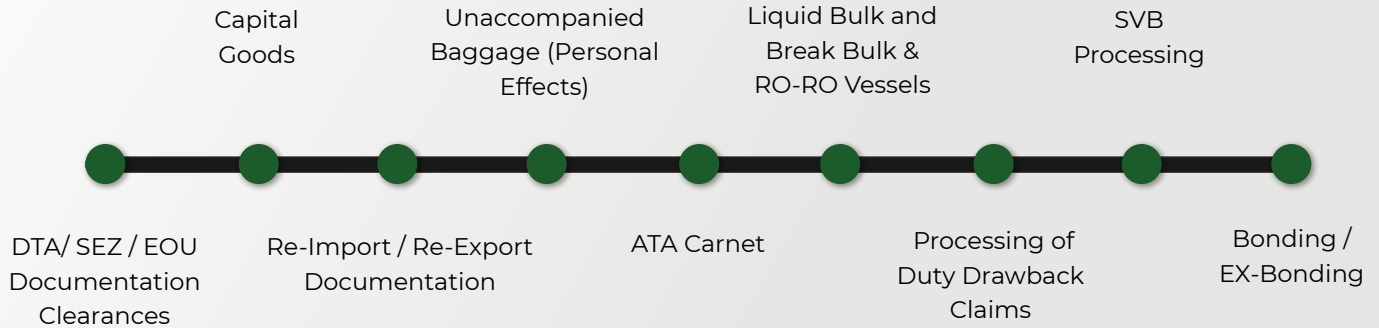

Provide logistics solutions with professional service and be customer-centric and create well-governed logistic magic.

Our Team

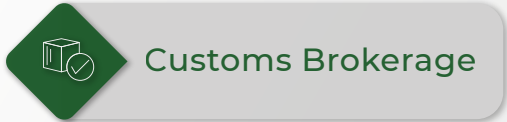

Mr Srinivasa Pragasam founded KPS Group along with his team in 1985 with a mission to bring best-in-class solutions for customers' supply chain requirements. His Son Mr Prassanna Srivatssan graduated in Computer Science & Technology, took over the organization to provide logistics with excellence backed by bringing technology in the supply chain era.

Our Expertise

What We Do

We have an experienced and dedicated team executing custom air clearance in 24 hrs and ocean clearance in 48 hrs and regulatory support to clients for ease of doing business. With the implementation of faceless assessment and digitalization by Indian customs, all our systems are interlinked to provide on-time communication and support for clearance

Trucking

Our trucking logistics deals with the integration of storage handling, sorting, packing, and transportation of goods with high performance standards and flexibility. Our experience, enabling us to expand in all manners of high-value, high-risk, heavy and delicate, awkward and complex moves.

ADVANTAGES OF TRANSPORT

We provide comprehensive transportation solutions with an expansive vehicle fleet. We are ready to deliver all types of cargo. KPS offers technology-enabled services, all our vehicles are fitted with GPS which can deliver a real-time report. This helps us keep track of our fleet and ensure that our drivers are always on the right track.
